Political.

According to statistics furnished by Col. Bennett Young the Democrats of Kentucky own four-fifths of the property and pay four-fifths of the taxes, while the Republican party owns one-fifth of the property and pays one-fifth of the taxes. Eighty-three per cent. of the criminals are Republicans and only seventeen per cent. are Democrats. Which party is the safer to entrust with State affairs?

The Republican platform denounces the Democratic party because it "fosters enterprise, excludes capital, and handicaps industry" in Kentucky.

Like any other statement of alleged facts, contained in that platform, this declaration is shown by the records to be untrue. A plain statement will refute the charge. During the four years of the Republican administration under Gov. Bradley, there were organized under the corporation laws of the State 822 corporations, with an aggregate capital of \$26,526,940, and the organization tax paid into the State Treasury therefor was \$26,526.94. During the first three years and six months of the Beckham administration, up to June 30, 1903, there were organized under the corporation laws of the State 1,792 corporations, with an aggregate authorized capital of \$99,602,795, and the organization tax paid into the treasury therefor was \$99,603. It is thus shown that during three and one half years of the Democratic administration that 68,075,855 more of capital found its way into the State of Kentucky and invested in the channels of trade, than did under the full term of four years while Bradley was Governor. The remaining six months will show at least \$10,000,000 more. To show the confidence which the stockholders in the Belknap Hardware Company have in Kentucky, under a Democratic administration, it may be stated that its capital stock has recently been increased from \$1,000,000 to 2,500,000. If it had not been safe to invest in Kentucky, under a Democratic administration, such a good business man as Col. Belknap's friends claim that he would not have done so.

Vote for Bert Shannon for Circuit Clerk. He is competent and deserving.

Referring to the charge that Judge Kinner has allowed the docket of Boyd county to get behind, the facts show that he has made a record there that is altogether to his credit. He succeeded two Judges—a criminal and a Circuit Judge—who had a total of 85 days per year of court in Boyd county. Judge Kinner is allowed only 64 days per year. Litigation has increased 30 per cent. there during the time, and notwithstanding all this and the handicap of poor service of papers by some under officials, he has kept the number of cases down to practically what it was when he came into office. This shows that he has dispatched business at least twice as rapidly as his predecessors. There is not a Judge in the State who pushes business better than Judge Kinner.

Governor Beckham has been criticized by partisan newspapers in Louisville and elsewhere in the state for an alleged abuse of the pardoning power. Federal officers and the Republican Press had intended making their fight against Governor Beckham and the Democratic State Ticket on this ground. However, when the official figures showing the number of pardons issued by Governor Beckham and the number issued by his predecessors, William O. Bradley and John Young Brown, were announced, the harangues of these politicians and newspapers were shown to be absolutely false.

The official records show that Brown granted 478, Bradley 428 and Beckham 225 pardons. Brown pardoned 49 persons charged with murder, Bradley 63 and Beckham 14. Brown pardoned 124 charged with manslaughter, Bradley 129 and Beckham 67. Brown pardoned 16 persons charged with rape, Bradley 19 and Beckham 5. Brown pardoned 38 persons charged with grand larceny, Bradley pardoned 22 and Beckham 11. Pardons were granted about in this proportion by the three Governors for other offenses. Brown pardoned 52 persons before trial, Bradley 29 and Beckham 22. It will thus be seen that Gov. Bradley exercised the pardoning power almost twice as often as Gov. Beckham did.

About the only thing the opposition is finding to say about Hon. J. P. Wells, in the upper district, is a charge that he pronounced the Walcott title good. It is too absurd a charge to change a vote.

Mr. Wells is an attorney and a notary public and as such has served clients the same as any other lawyer and notary would, and this is the basis of the report put out as a mud-slinging "argument". Mr. Wells is a sober, honest, deserving gentleman and should be elected.

More than 5,000 people heard Gov. Beckham, Congressman O'Leary James and others speak at Princeton Saturday. The feature of the occasion was the denial by the Governor of charges made by the Republican candidate, Spaight, that Gov. Beckham agreed to pardon Sam Clark for a campaign contribution of \$800. A letter was read from S. A. Norman denying that he had ever said anything to Spaight about the matter. Spaight, in making the charge, said that he could prove it by Mr. Norman. The Governor denounces Spaight in severe terms.

A Perfect Painless Pill. Is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leave a good taste in the mouth. The famous little pills for doing such work pleasantly and effectively are DeWitt's Little Early Risers. Robt. MILLIONAIRE'S POOR STOMACH. The worn-out stomach of the over fed millionaire is often paralyzed in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people and they suffer far worse torture than the millionaire as they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower cures the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c.

Negotiations between Russia and Japan regarding the evacuation of Manchuria are completely blocked and neither side will yield. Japan declines to accept the Russian policy of "drift" while insisting that the supremacy of each must be defined. In the meantime both Governments actively continue their military preparations and fresh rumors of impending hostilities have been started.

Confessions of a Priest. Rev. Jas. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from Yellow Jaundice. I consulted a number of physicians and tried all sorts of medicines but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for Liver and Kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by A. M. Hughes. Only 50c.

ALMOST DOUBLED.

Caleb Powers' Speech as Published in Book Form.

Caleb Powers' speech to the Georgetown jury that convicted him comprised 32,000 words. As it appears in book form, to be sold in order to raise further funds for him it comprises 72,000 words. The discovery was made after careful investigation by stenographer Clarence Walker, who took the speech as it was made.

The 32,000 words by Powers to increase the sale of his book are almost without exception of a political nature. They consist of political references, reflections as to "malice" and "persecution," and are wholly of a partisan nature. Robert B. Franklin, who, as the Commonwealth's Attorney for the district, conducted the prosecution of the Goebel murderers, first gained the suspicion that Powers' speech in book form was padded. He requested Mr. Walker to investigate the latter having the original notes of the address to the jury.

"There are about 30,000 words inserted," said Mr. Walker, "and I have acquainted Mr. Franklin with the result of my investigation."

Never Ask Advice. When you have a cough or cold don't ask what is good for it and get some medicine with little or merit and perhaps dangerous. Ask for Foley's Honey and Tar, the greatest throat and lung remedy. It cures coughs and colds quickly. Sold by Louisa Drug Co.

After the Ashland Line. According to advices from Huntington, W. Va., the Cincinnati, Hamilton & Dayton, the Detroit Southern and the Chesapeake & Ohio lines are each endeavoring to secure control of the Ashland Coal & Iron Railway Co. of Ashland, Ky., which has a belt line around that place and has twenty-two miles of line from there to where the company owns 25,000 acres of coal and iron lands.

It is further reported that a syndicate composed of Robert Peabody, J. A. Kelley and Col. Frank C. Coles of Ashland, John Peabody of Portsmouth, the Joseph C. Butler heirs of Cincinnati and others have acquired a majority of the stock. The annual election is to take place on October 21.

Should the Cincinnati, Hamilton & Dayton or the Detroit Southern obtain possession of the Ashland Coal & Iron Railway Co., it is believed that they would extend from Ironton, Ohio, to Ashland, and thence along the Big Sandy river to a point in the coal region of Eastern Kentucky, where the Northern Coal and Coke Co. will, it is stated, construct an immense coke plant. The Chesapeake & Ohio is already building a line to serve this new enterprise.—Manufacturers Record.

Spent More Than \$1000. W. W. Baker of Plainville, Neb., writes: "My wife suffered from lung trouble for fifteen years. She tried a number of doctors and spent over \$1000 without relief. She became very low and lost all hope. A friend recommended Foley's Honey and Tar and thanks to this great remedy I saved my life. She enjoys better health than she has known in ten years." Refuses substitutes. Sold by Louisa Drug Co.

PEACH ORCHARD. J. A. Holten was here one day last week. Frank Yates was here last Saturday talking life insurance. Dr. Wray was called to Torchlight to see Ed Stafford, who is down with fever. There is very little election talk around Peach Orchard. We expect to see the entire Democratic ticket elected. From the fight the Republican press is waging against John P. Wells in the 24th Judicial District we believe there is good prospect of his election. We have known John P. Wells for a good many years and we can say, whether defeated or elected, he is a gentleman and an able lawyer, and we believe would make a good Judge. Jas. B. Brown is talking of moving to Oklahoma. Citizen.

Ran a Ten Penny Nail Through His Hand. While opening a box, J. C. Mount, of Three Mile Bay, N. Y., ran a ten penny nail through the fleshy part of his hand. "I thought at once of all the pain and soreness this would cause me," he says, "and immediately applied Chamberlain's Pain Balm and occasionally removed all pain and soreness and the injured parts were soon healed." For sale by A. M. Hughes.

Homeseekers' Excursions. These are run the first and third Tuesdays of each month at approximately half rates for the round trip.

CONGRESSMAN LIVINGSTON

Says Pe-ru-na is a Splendid Catarrhal Tonic.

COLONEL L. I. LIVINGSTON, Member of the Industrial Commission and the leading Democratic member of the Committee on Appropriations in the House of Representatives, whose home is at Atlanta, Ga., writes:

"I take pleasure in joining with General Wheeler, Congressman Brewer and others in recommending Peruna as an excellent tonic and a cathartic cure."

All phases of catarrh, acute or chronic, are promptly and permanently cured. It is through its operation upon the nervous system that Peruna has attained such a world-wide reputation as a sure and reliable remedy for all phases of catarrh wherever located.

Mr. Jas. O. Morin, 1179 Ontario street, Montreal, Canada, writes:

"Peruna is certainly a great catarrh remedy. It cured me of catarrh of the head and I gladly endorse it. Canadians are peculiarly afflicted with this disease, and for years the doctors have tried to overcome it with elixirs, powders and pills, but Peruna has solved the question and since the medicine has been established here hundreds of people have been cured of catarrh."—Jas. O. Morin.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

Mrs. Columbus Price. Mintie Trent was born June 30th, 1859, died Sept. 28th, 1903. She was united in marriage to Columbus Price Oct. 29, 1880. She was the mother of seven children—five living and two dead. She was converted at the age of 18 years and united with the Baptist church. She was a great sufferer nearly all her life, but the blessed Lord wonderfully sustained. She patiently waited for his call to go to her blessed reward and rest on toil.

She says, "I have been sick for seven months and rejoice in the blessed hope of soon being set free. May the choicest blessings of God rest on my dear husband and my motherless children, and on the good people that have been so kind to me in my sickness, for they will get their reward." Mintie was quiet, unpretentious, kind, gentle and sympathetic. She was dearly loved by all who knew her. Her funeral was preached by Rev. Allen Billups, assisted by the writer. She was laid away in Fairview cemetery to rest from her labors, and her works to follow her.

Servant of God, well done! Thy glorious warfare's past; The battle's fought, the race is won, And thou art crowned at last. XX.

He Learned A Great Truth. It is said of John Wesley that he once said to Mrs. Wesley: "Why do you tell that child the same thing over and over again?" John Wesley, because once telling is not enough." It is the same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of the diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by A. M. Hughes.
